It’s time to unveil our most exciting project of the summer! With the help of Kaboom, CarMax Cares, and Pershing PTO, we have been busy constructing a new playground at Freedom Park (3701 Scoville Ave)!

THANK YOU to our local youth! Back in May, we had children and their families from the Berwyn community come together and draw their ideas, brainstorm their dream playground, and inspire our final design. This is an undertaking that really brought the community together, and we are excited to announce that our playground is now ready to enjoy!

THANK YOU to our 200+ volunteers who signed up for our "Build Days" to make this project a reality, and put in the work with us to create a playground in a matter of days.

THANK YOU to our partners Kaboom!, CarMax Cares, and Pershing PTO for your support, expertise and leadership. We appreciate you!

**President's Message**

Dear Berwyn residents,

The fall season brings a great opportunity to get outside in cooler temperatures or to start a new fun class offered by the Berwyn Park District. Personally, I always look forward to annual events like Berwyn Brewfest at Proksa Park.

Now is also a great time to check out a couple of upgrades to your parks. Have you heard the news?! The new playground at Freedom Park is complete and open to children! This inclusive, accessible playground was designed by and for kids of all abilities! Hot on its heels will be another new ADA-accessible playground at Sunshine Park in the next few weeks! The board of commissioners and staff are so pleased to offer more options to meet the differing needs of all in our community. The soft pour-in-place surfaces of the playground help protect kids when they fall as well as provide a surface that a wheelchair can access. I encourage you to explore our parks and see what is new! While you are at it, please contact us if you see something that needs staff attention (litter, weeds, injured animals) or if you want to give some thanks for new trees or flowers you notice.

So how and when do you contact us? Your elected board of commissioners always welcomes feedback on policies or the strategic direction of the park district. Staff should be contacted about any operations or questions or issues you see with programs or any of our facilities. Emails and phone numbers are on the berwynparks.org website. You can also attend in person our monthly committee and regular board meetings as they are open to the public with dates listed on our website.

Lastly, I'd like to give a special thanks to our volunteers who keep our parks looking wonderful! Our Children’s Garden and Diblik Garden among other projects in our parks have been thriving thanks to volunteers like Julie, Mary, Kat, and many others.

See you at a nearby park or event soon! Don't forget to say hi!

On behalf of the board of commissioners,

Brian Brock, President

It is hard to believe we are saying goodbye to summer and getting ready to welcome the Fall season. I hope that you had the opportunity to enjoy our new Concerts in the Park series to check out the live music while relaxing in the park, and also catch a Movie in the Park while enjoying some tasty s’mores! The Fall season brings with it change, and this season will be no different. I am happy to announce that the Board of Commissioners has accepted my resignation for later this fall, so I can enjoy early retirement to spend time with family and travel.

Even though we have all endured Covid and the changes it brought to our daily lives, I am proud that the park district has been able to bring the residents beautiful parks with a variety of spring and summer perennial flowers and a tree management program that will ensure our trees will be maintained and cared for with a plan to continue a healthy tree population for years to come. Be sure to check out the new community-built playground at Freedom Park and the soon-to-be-completed playground at Sunshine Park. Both were designed with input from our Berwyn school students.

I hope to see you at our 8th Annual Brewfest to make a toast to all the amazing Berwyn residents who make our community strong. The Berwyn Park District appreciates hearing from you for ideas on how to make our parks even better. Happy trails!

Greetings!

It's time to enjoy Fall and our Recreation Team has been working around the clock with you in mind! Understanding our audience and your needs, along with planning around our Berwyn residents' busy schedules is always our priority. Fall soccer, Fall baseball, and our new Tennis Academy are thriving and developing our student-athletes. We are proud of our youngsters, and the dedication and diligence they are putting into their sports - it is inspiring! We are excited to share that Fine Arts are returning to the scene and hip hop dance, ballet, breakdancing, yoga, and more are in our fall lineup!

We want everyone in our community to feel included and supported as they participate in our programs, learn a new skill, or refine one they've loved for years. So go grab your Pumpkin Spice Latte (we have some great local cafes close by) and have a seat at one of your favorite parks and watch a spirited game(match or simply experience the season as the beautiful leaves change colors. You may even catch a wave or two of Sandhill Cranes as they migrate. Appreciate that new frost on the ground with a little chill in the air. Try something new or sit and have a chat with a friend from the past. Whatever the case may be, the Berwyn parks are YOURS, and we will try our best to create programs for your family to enjoy and build lasting memories.

Athletic Manager's Message

It gives me great joy to see our athletic programs grow in Berwyn throughout these recent seasons. As we step into the fall season, my goal continues to be to serve as not only an athletics manager but as an active coach.

Our sports leagues are well-organized and we have great facilities to host lifelong opportunities for our community! Through our collaboration with local athletic organizations (Berwyn Blazers, Lacrosse Bombers), we continue to expand our access to offering excellent athletic programming for all. At the Berwyn Park District, we "Learn What We Lived": we improve our skills through demonstration, encouraging athletes to ask questions, and allow for experiences to improve through our season-long athletic programming.

We Teach life skills through sports.
We Empower and give athletes the tools to succeed.
We Promote physical activity and healthy lifestyles through sports.
We Strengthen communities through youth sports.

The vision of Berwyn South School District 100 is to inspire a passion for learning in every child.

The educators in Berwyn South School District 100 are passionate about providing meaningful, engaging learning experiences for students. Under the leadership of our Department of Instructional Innovation, our administrators, teachers, and coaches have been implementing Apple’s Elements of Learning into daily classroom instruction.

Elements of Learning focuses on specific innovative practices that, when present in classroom instruction, lead to deeper student learning experiences. When planning lessons, District 100 staff members focus on incorporating the elements of teamwork, communication and creation, personalization of learning, critical thinking, and real-world engagement. These key student-centered features allow us to embrace our vision, mission, and beliefs of inspiring students to take ownership in their learning, providing rigorous and personalized learning experiences, embracing diversity, building supportive collaborative relationships, developing student leadership, and maintaining a culture where students and staff learn from one another.

In our classrooms, we strive to increase student engagement and create learning environments that reflect the following components of learning:

01 TEAMWORK
Students interact with one another and collaborate on academic content, shared product, or mutual understanding or agreement.

02 COMMUNICATION & CREATION
Students have a choice in the tools they use to demonstrate learning and expand their sense of audience beyond the classroom.

03 PERSONALIZATION OF LEARNING
Students have access to curriculum, resources, and tools that allow for individualized learning goals, deeper exploration, and self-paced activities.

04 CRITICAL THINKING
Students engage in problem-solving tasks requiring analysis and interpretation that allow for higher-level thinking and multiple solutions.

05 REAL-WORLD ENGAGEMENT
Students connect academic content with real-world examples or realistic tasks to provide an understanding of purpose.
